Volume 14 | Issue #83 |

A MESSAGE FROM SUPERINTENDENT DR. JOSE L. DOTRES

I am honored and humbled to serve as the new Superintendent of Miami-Dade County Public Schools (M-DCPS). This school system is not only one of the finest, highest-performing districts in the nation; it is also my home. It is where I enrolled in school as an English Language Learner at the age of 5 after

immigrating to this country, graduated from high school, and began a long and rewarding career.

In my 30-year career with M-DCPS, I have learned that the commitment to excellence resides in the wonderful people of our community and the efforts of our students, parents, and employees.

Today, I return home to continue the collective work of the District with renewed commitment and resolve. M-DCPS has undoubtedly reached great heights and experienced many successes. Although there is much to celebrate, we are also navigating unprecedented challenges that demand our patience, understanding, fortitude and resilience. There is still

much work to be done to address the unfinished learning, mental health and social-emotional needs, and safety and security of the students we serve. Yes, we have great challenges before us; but together, we shall overcome.

As we strive to keep the momentum going, I am excited about what the future holds. I look forward to working alongside you, our dedicated School Board, and our many other stakeholders in continuing to bolster student achievement; prepare students to succeed in college, career, and life; and innovate and expand learning opportunities.

Thank you for your partnership in ensuring M-DCPS enables all students to thrive.

UNETHIA FOX NAMED M-DCPS TEACHER OF THE YEAR, GABRIELA GOITIA VAZQUEZ IS ROOKIE TEACHER

Unethia Fox

Gabriela Goitia Vazquez

Unethia Fox, a Special Education mathematics teacher at South Miami Senior High School, has been named the 2023 Francisco R. Walker Miami-Dade County Teacher of the Year.

Fox has been teaching at her alma mater, South Miami Senior High, for 19 years. Her inspiration for teaching is guiding her students academically and emotionally on their journey to adulthood. Their success is the

driving force that keeps her engaged, evolving and growing to make lifetime connections with them and the community.

She is currently a Black History coordinator/African American History Advocate and Educational Excellence School Advisory Council (EESAC) Committee member. Technology plays a pivotal role in her teaching approach. She uses her position as the school's Digital Innovator to conduct trainings to instruct her colleagues on the best practices of integrating technology in their lesson plans.

Fox is also the head coach of the girls' basketball, volleyball, flag football and track teams. She led the girls' basketball team to a District Championship in 2014. In addition, she was named Florida's 2009 National Federation High School Basketball Coach of the Year.

Fox was instrumental in reviving the Watu Wazuri Club. A fond memory from her student days at South Miami High, the club provides a safe space for African-American and minority students to participate in community service projects.

The runner-up is Derek Bostick of

South Dade Technical College-Skills Center.

The 2022 Rookie Teacher of the Year is Gabriela Goitia Vazquez, a second-year educator at Alonzo and Tracy Mourning Senior High. She teaches 9th grade English I, AP English Language and Composition and 9th grade English I through ESOL. Her classroom is a haven where students feel secure, respected and valued as they explore and learn English.

Ms. Vazquez's mission is clear – to develop students as writers and critical thinkers. She thoughtfully curates a space that includes a class-selected

playlist, student artwork and a social-emotional corner to refresh, reflect and journal. She is also active in her school community as an English tutor and is the Hispanic/Latinx Student Union Club sponsor.

Mary Martinez from Pinecrest Elementary is the runner-up.

M-DCPS, T-MOBILE TO PROVIDE 35,000 STUDENTS WITH FREE INTERNET

Miami-Dade County Public Schools (M-DCPS) is continuing its efforts to close the digital divide and provide connectivity to those students without reliable internet at home through a partnership with T-Mobile's Project 10Million.

The hotspots are available for immediate distribution to students, on a first come, first served basis. Participation in this program is strongly encouraged for those students and families in need. There is no fee or cost to students. Parents are urged to contact an administrator at their child's school to request a free hotspot with internet connectivity.

To learn more about Project 10Million, visit <http://www.t-mobile.com/p10m>.
